

**Internship title:**

*Graphic Designer*

**About the company**

*Creativity meets function - that is the essence of what we do. Ideas that can make a difference to our clients' businesses must be systemized and implemented professionally in order to bring their businesses to the next level. At Maverique, our people are genuinely interested in making great ideas work for our valued clients, not mere aesthetics or unsubstantiated hype. This work is our passion, our vision and our commitment.*

**Internship job scope and responsibilities description**

- *Work closely with Creative Director to conceptualise theme and design of collaterals for ongoing projects.*
- *Design and layout of collaterals (digital and print)*
- *Design of website and other event collaterals*
