

# School of Art, Design & Media (NTU)

Late internship application  
**Updated 8 February 2021**

**Students:** If this is for credited internship, please bring company into the internship programme as a **self-source option** upon successful placement. If this is for **self-enrichment**, the school **will not** intervene and the agreement will be strictly between you and the organization. Please read carefully before committing.

## Name of company:

Fjord

## Estimated number of employees:

14

## Internship / Freelance work title

Visual design intern  
Interaction design intern  
Service design intern

## About the company and no. of intern(s)

Fjord, part of Accenture Interactive, is a design and innovation consultancy that reimagines people's relationships with the digital and physical world around them. We use the power of design to create services people love. By combining a human-centered approach with robust methodology, we work with some of the world's leading businesses to make complex systems simple and elegant.

The Singapore studio is going to take 1–2 interns

## Internship job scope and responsibilities description:

We are looking for motivated and talented interns to join the Fjord Singapore team. You should have a background in digital product design, visual communication, UX design, service design or interaction design. At Fjord Singapore, you'll have the opportunity to work on real projects alongside other designers. We believe in learning by doing, and our work environment will appeal to you if you are a self-motivated and flexible team player. We expect you to have great interpersonal skills and lots of curiosity.

You should find yourself fitting into one of these two roles:

## 1. Service & Interaction Designer

A service & interaction designer evaluates and assess user needs and business goals to design creative solutions for our client's brief. You should also have a keen interest and basic knowledge of user-centered design processes. You work collaboratively and are an excellent communicator who can rationalise your creative solutions through various documentation such as user journeys, wireframes and service blueprints.

## 2. Visual Designer

A visual designer is expected to assist with the definition and creation of flexible, coherent design systems. You should also be comfortable in discussing design rationale and decisions, establishing distinct look and feel for design concepts. You should be a storyteller who focus on interpreting and developing the client's brand in whichever deliverable is the most appropriate—ranging from posters, storyboards to high-fidelity screens.

### Pre-requisite from candidate (if any):

- Majoring in product design, visual communication, UX design, service design, interaction design or equivalent
- Working knowledge of design/prototyping tools such as Adobe creative suite, Sketch, Figma, InVision or equivalent
- Interest in technology and their ability to solve design challenges
- Fluent in written and spoken English

### Estimated time frame/period

10th May – 17th July 2021

### Allowances

\$1000 per month (TBC upon interview)

### Reporting instructions

Work from home, with occasional meet up for meetings or workshops in the office based on project schedule.

Office address: #35-00 Raffles City Tower, 250 North Bridge Road, 179101 Singapore

### Working equipment / softwares

Laptop and softwares will be provided by the company

### Contact person / email to respond to

henry.y.hu@fjordnet.com

### Other instructions / comments for applicants

Please include your CV and portfolio for viewing of your work
