School of Art, Design & Media (NTU)

Informal internship / student freelance application
Updated 29 Mar 2022

Students: *If this is for credited internship, please bring company into the internship programme as a **self-source option** upon successful placement. If this is for **self-enrichment**, the school **will not** intervene and the agreement will be strictly between you and the organization. Please read carefully before committing.*

Name of company: Oangle Pte Ltd

Estimated number of employees:

Approximately 20 employees located locally and overseas.

Internship / Freelance work title

Web Design Intern, Interactive / Web Developer Intern, UI/UX intern,
Project Manager Intern

About the company and no. of intern(s)

No. of intern(s): 1-3

Founded in 2013, Oangle is a web design and development agency that focuses on holistic and interactive web solutions. From web design and interfaces to various web systems, we provide tailored web solutions to increase productivity and exposure for our clients. As a design-centric local agency, we are committed to helping other local businesses and local students who are exploring web development or web design as a future career.

At Oangle, you will be joining a young but highly experienced team of experts in the web industry. You will be exposed to project management, scrum methodology, and various modern tools to increase your productivity. You will be provided with on-the-job training on the latest technologies and given opportunities for courses.

Oangle employees work on an attractive flexible working scheme, with or without the pandemic. Our cozy and dynamic office is situated at Tai Seng
