

The United Nations has recognised this Sunday, 21 April, as [World Creativity and Innovation Day](#).

Innovation, creativity and mass entrepreneurship is key to economic growth and job creation. It can expand opportunities to everyone, including women and youth. It can also help to eliminate hunger and eradicate poverty.

Everyday problems, no matter how small it is, can be solved - all you need is to be observant, patient and a touch of creativity to spark a solution. Better yet, you can rally your friends to make it a group community project! If you need funding, look no further. Apply for the [CoLab4Good Grant for Community Projects](#).

*Be informed. Be inspired. Be the change.*

*\*PS: We are on Telegram! Add us [@ntusce](#) for more lifestyle and event updates to inspire and help you do more good. We will see you online!*

## ARTICLES & UPDATES

---

### **Kids of different abilities learn together**

NTU researchers have developed a new educational tool, for teachers to tailor lessons to meet the needs of students with different learning abilities within the same classroom. It was put on trial at MINDS school and has yielded positive results. Read [more...](#)

### **SATS' new tech cuts waste from airplane meals**

To reduce waste, SATS, a major player in the food industry and Changi Airport's main airline caterer, has invested in new technology to extend the shelf life of cooked food - up to 90 days without preservatives. Read [more...](#)

### **AI can be biased, too**

Artificial Intelligence (AI) technology we use often comes built-in with its creators' biases, and the reality is our community of creators is small and unrepresentative of society. Machines are not completely objective because the systems reflect what the creators think it is. Read [more...](#)

### **App to feed the hungry launched**

TangoTab, a social impact app which has donated over three million meals to partners in the United States, will feed the needy in Singapore through The Food Bank Singapore. Read [more...](#)

Student Community Engagement aims to empower students to make a difference through positive social actions. We believe that young people have a critical role to play in building a better world for themselves and the community.

We provide students access to opportunities such as grants for their ground-up initiatives and social entrepreneurship efforts, internships at non-profit organisations, and training programmes to develop community leadership skills.
