

Celebrated annually on 8 March, the 2020 [International Women's Day](#) will focus on the theme, 'An equal world is an enabled world'. It is a day where we celebrate the social, economic, cultural and political achievements of women - while also making a call for accelerating gender equality.

We are all responsible for our own thoughts and actions every day. We can actively choose to challenge stereotypes, fight bias, broaden perceptions, improve situations and celebrate women's achievements.

Collectively, each one of us can help create a gender equal world. Let's all be *#EachforEqual*.

Be informed. Be inspired. Be the change.
