Newsletter Issue #69 13 March 2020

Started in 2007, Earth Hour brings together people across 180 countries and territories to act for nature and climate. It has become a catalyst for positive environmental impact, driving major legislative changes by harnessing the power of the people.

This year, Earth Hour in Singapore will focus on forests and bring together three countries - Singapore, Malaysia and Indonesia - in united action to protect forests and stop haze pollution. Together, let us #changeclimatechange.

Taking place on 28 March from 5.30 pm - 8.30 pm, <u>Earth Hour 2020</u> will take the form of a globally accessible digital live stream. This three-hour digital event comprises of conversations with leading environmental changemakers and live music by artistes such as Benjamin Kheng, Nathan Hartono, RRILEY and more. Gather your family and friends to watch the live stream and participate in the symbolic lights-out at 8.30 pm as a symbol of unity, hope and power in collective action.

Be informed. Be inspired. Be the change.

### ARTICLES & UPDATES

## New York ban on single-use plastic bags starts

In a move with the ambitious goal of reducing billions of discarded bags that stream annually into landfills, rivers and oceans, New York started to ban the distribution of single-use plastic bags statewide. Read more...

## Interactive app could help restore forests in Indonesia

Crowd-sourced app, Urundata, aims to help save tropical rainforests in Indonesia, and support indigenous communities. App users compete against each other, collect points and win. Data collected by Urundata will be useful for policymakers and stakeholders to address and identify restoration options. Read more...

## Singapore looking to produce hydrogen with solar energy

Hydrogen gas is touted as a "clean" fuel as it does not produce carbon dioxide when it is burned to produce energy, unlike other forms of fossil fuel. It is a promising choice for Singapore's future energy outlook. Read <a href="more">more</a>...

# Recycle your contact lens blister packs more effectively

Under the programme called Project 2x2 (two by two) by home-grown contact lens brand Two Of A Kind, all blister packs collected will be sent to its recycling partner, Tay Paper Recycling. On the first day of its online launch, the company received 500 online registrations for its blister packs envelopes. Read more...

### **Let Art Support Singapore**

Contribute words and drawings of encouragement to boost the morale of the frontline healthcare professionals as they fight against COVID-19. Tag your artworks with #sgartforhcw and #nationalgallerysingapore on Instagram or Facebook.

Student Community Engagement aims to empower students to make a difference through positive social actions. We believe that young people have a critical role to play in building a better world for themselves and the community.

We provide students access to opportunities such as grants for their ground-up initiatives and social entrepreneurship efforts, internships at non-profit organisations, and training programmes to develop community leadership skills.
